REC'D MAR 28 2008

March 28, 2008

Susan Gendron, Commissioner
Maine Department of Education
State House Station #23
Augusta, ME 04333

Dear Commissioner Gendron,

Regional School Unit 17 is submitting this letter to comply with the March 28, 2008 reporting requirement for the Regionalization Planning Committee.

The committee continues to meet to discuss the thirteen elements of the Regionalization Plan, but the group has not taken final action on any of the plan components since the December 1, 2007 report.

The most progress has been made in the area of governance, but the plan still needs to be revised because it did not meet the requirements of the statute.

Thank you for your attention.

Sincerely,

Larry Cowan, RPC Co-Chair

Kevin Olsen, RPC Co-Chair
